### **Mitzelfelt Allocates \$225,000 for New Helendale Park**

SAN BERNARDINO – At the request of First District County Supervisor Brad Mitzelfelt, the San Bernardino County Board of Supervisors on May 6 approved \$225,000 for the purchase of land to be used for a park in the Helendale area.

“Parks are an essential component of the quality of life of a community,” said Supervisor Mitzelfelt. “Helendale is an attractive and growing area and the addition of this park will add new recreational opportunities for both children and adults.”

There are currently no public park facilities in Helendale. As part of its long-range planning, the Helendale Community Services District has been evaluating several locations as possible sites to develop a community park. A location is being sought that would be easily accessible to local residents. The park would be available for all current and future residents.

A park master plan will be developed by the Community Services District and may include lighted baseball diamonds, soccer fields, a skate park and a community building that could house an indoor basketball court and various recreation rooms.
